What is an outdoor Telecom cabinet?

Technologies such as digital transformation, Industry 4.0 and Big Data create revolutionary differences in our lives. Outdoor Telecom Cabinets are rugged enclosures designed to protect telecommunications equipment from environmental factors while providing secure access for maintenance.

Are Canovate Telecom cabinets good for outdoor use?

Outdoor Suitability: Telecommunications equipment is often installed outdoors, necessitating cabinets that can endure challenging weather. Canovate's outdoor telecom cabinets offer full protection against water, dust, humidity, and extreme temperatures, ensuring reliable operation under all conditions.

What is the IP55 specification for outdoor telecoms street enclosures?

We manufacture our outdoor telecoms street enclosures to IP55 specification using galvanised steel. Compliance with IP (Ingress Protection) ratings and NEMA (National Electrical Manufacturers Association) standards certifies their ability to withstand environmental conditions and protect sensitive equipment.
