## What are battery storage solutions?

As we move towards a greener future, our Battery Storage Solutions help customers get the most out of their new or existing Solar Systems. From small residential systems to large Utility At Chelion, we specialize in transforming energy storage with sustainable, innovative solutions.

## What is a pef6/250b battery storage cabinet?

Keep all your PCE equipment and additional components in one accessible cabinet out of the elements. Both our PEF6-250B and PEF12-250B cabinets lend themselves to full system enclosure fitting well known inverters. The second largest battery storage cabinet in the Slimline range offers homeowners the flexibility for future system expansion.

## What is a slimline battery storage cabinet?

The second largest battery storage cabinet in the Slimline range offers homeowners the flexibility for future system expansion. The battery side mount installation allows the narrow profile to be maintained whilst eliminating the need to compromise on your power capacity.

## Why should you choose a one-stop energy storage solution?

One-Stop Energy Storage Solution, More simple, More efficient, More comprehensive, Providing you with the best service experience. It has multiple advantages such as safety, reliability, ease of use, and flexible adaptability.
