What are Arimon battery cabinets?

Arimon uninterruptible power supply (UPS) backup battery cabinets are available for either front access batteries or top terminal (monobloc) batteries. All battery cabinets are constructed from heavy gauge steel with a durable welded frame and acid resistant powder coated finish available in a wide range of colors.

What is a battery rack made of?

Made with welded heavy-gauge steel construction, our battery backup cabinets and battery racks are made to last and designed with options to give your facility a unified look. We offer multiple battery racks with different configurations, including both rack mount and cube layout units. Either option can be custom configured.

What is a site support Cabinet?

Site Support Cabinets (CUBE SS Series) are durable pad mount enclosures designed to provide robust protection of power equipment and battery technologies deployed in outdoor environments. One of the biggest challenges wireless service providers face is to provide reliable power in an efficient and environmentally friendly manner.

What is a srb10 Battery Cabinet?
