What is a companion Rover lithium 40ah power station?

The Companion Rover Lithium 40Ah Power Station belied its diminutive size and packed plenty of power to keep electrical gear charged on the recent Simpson Desert adventure. Image credit: Justin Walker
Companion's Rover Lithium 40Ah Power Station offers plenty of portable electric grunt to ensure ample power for your camping adventures.

How much power does a companion Rover 40 Power Station have?

The Companion Rover 40 Power Station is small in size but packs a decent punch, offering 40amp of lithium power in a package that weighs just 6.5kg, which is enough to keep my 47L myCOOLMAN fridge running for just under two full days without a charge. I can charge the power station back up via 240V mains, 12V or solar.

Is Rover lithium 40ah a good power station?

The Rover Lithium 40Ah Power Station's diminutive size belies its literal power and for those looking for a portable charging solution for their camping adventures, this unit is well worth a look. For those after more camp-side grunt, Companion's Rover 70Ah Power Station is another option, albeit with a seriously hefty jump in asking price.

Is companion a good portable power pack?

Companion's portable power pack offers great value, with straightforward operation, a robust build, and excellent performance, at a reasonable price for this market segment.
