What is a Type 4 telecom power outdoor cabinet?

The Type 4 telecom power outdoor cabinet is a new generation platformdesigned to meet customer needs,give configuration flexibility and supports a variety of applications. The cabinet is well suited for power,batteries and telecom equipment.

What is a power cabinet used for?

The cabinet is well suited for power,batteries and telecom equipment. within the outdoor plant depends upon a cool,dry and secure environment for the electronics such as the DC power and Telecom equipment.

Why should you choose a Type 4 outdoor power cabinet?

within the outdoor plant depends upon a cool,dry and secure environment for the electronics such as the DC power and Telecom equipment. The Type 4 Outdoor Power Cabinet more than accomplishes this with its Thermal Managementthat will keep sensitive electronics functioning in extreme environments.

What are the advantages of a telecom cabinet?

The cabinet works very well as a stand-alone power and/or battery backup solution and provides additional space for telecom equipment. The fan and filter has the advantage that a large amount of air can be exchanged,giving very high cooling performance with low power consumption.

What is a waterproof outdoor Telecom cabinet?The IP65 Waterproof Outdoor Telecom Cabinet is perfect for use in outdoor telecom base stations, smart micro data centers, and any other ...
