What kind of batteries are available in Canada?

Canadian battery supplier offering superior sealed lead-acid, lithium iron phosphate and lead carbon batteries. Battery experts specializing in energy solutions are available to help you find the best batteries for your project. State of the art battery equipment is used to manufacture batteries for consistent quality and fast production.

Where can I buy battery charging cabinets?

Get your battery charging cabinets from the leading fabricator in the Pacific Northwest and Western Canada. Depend on Wesgar to eliminate supply chain delays and deliver quality cabinets--from small to extra-large. Our cabinets are safe, weather and fire-resistant, and designed for indoor and outdoor use.

Who makes CANBAT batteries?

Canbat is a Canadian battery company specializing in deep cycle and backup applications. Our line of products include sealed lead-acid (SLA), lithium iron phosphate (LiFePO4) and lead-carbon batteries. We also manufacture lithium battery chargers and power converters, primarily used in the RV market.

What is a sealed lead acid battery?

Canbat is constantly developing new battery technologies to meet the demands of the evolving global battery market. Sealed lead-acid batteries are often referred to as valve-regulated lead-acid (VRLA), or simply sealed lead acid (SLA). There are primarily two types of these batteries: AGM and Gel.

AZE's outdoor battery cabinet includes standard features with battery support, security and sealing abilities and reversible racking rails, 500W to 5000W air conditioner for climate ...
