Especially suitable for some precious and infrequent cultural relics, for long-term storage and management. The equipment includes the CE & ROHS certification certificate.

Environmental chambers are ideal for creating a controlled environment during sample testing and research. Chambers maintain specific temperature and humidity levels. Our range of ...

Is a well-known China constant temperature and humidity storage cabinet, constant temperature and humidity test chamber, constant temperature and humidity modules, electronic moisture ...

JINPOWER offers constant climate cabinets for storing electrical tools under controlled temperature and humidity. Ideal for insulating equipment, with digital monitoring and ...

This electric storage cabinet keeps temperature steady between 54-72°F and maintains ideal humidity levels for long-term preservation. Without proper storage, fluctuations ...

Our climate controlled storage cabinets deliver stable temperature and humidity, so rubber, polymer, and composite materials age slower, inspections pass more often, and field crews ...

Temperature and humidity control system: 7-inch touch screen, the system has the functions of temperature control, humidity control, timing and over-temperature and over-humidity alarm; It ...

Constant Humidity Machine series humidity stability storage cabinet is a humidity stability storage device with purification function, which is developed, produced and sold by HUATO company. It ...

Constant Temperature and Humidity Type Electric Energy Storage Cabinet for Oilfields
