Refineries Corrosion resistant coatings for refineries Oil and gas refineries make up the downstream segment of the petroleum industry, where industrial fireproofing and corrosion ...

Engineered for high-capacity commercial and industrial applications, this all-in-one outdoor solution integrates lithium iron phosphate batteries, modular PCS, intelligent EMS/BMS, and ...

The outdoor photovoltaic energy cabinet can provide reliable housing for network servers, edge computers, professional equipment, monitoring systems, photovoltaic, and battery systems. It ...

With IP54/IP55 protection, anti-corrosion design, and intelligent temperature control, they are ideal for telecom base stations, remote power supply, and containerized microgrids. Our outdoor ...

It is estimated that the global cost of oil and petrochemical refinery corrosion and deposition exceeds US\$ 15 billion annually. In cooling water systems a lot can be done to minimize it, ...

Corrosion is one of the most important challenges facing petroleum refineries. It has received wide attention in recent decades due to the continued dependence of the global ...

Whether retrofitting existing infrastructure or building a decentralized energy network, this cabinet empowers businesses to cut costs, enhance sustainability, and ensure uninterrupted power.

Oil and gas operations require hazardous location enclosures that protect control panels, motor starters, and monitoring systems in offshore rigs, refineries, and chemical plants.

tive compared to roll bonding for corrosion- and wear-resistant alloy claddings for manufacturing CRA clad pipes. The HDIR technology uses a high-density infrared thermal source (an artificial ...

With >8,000 cycles, IP54/C5 corrosion resistance, and -30°C~50°C operation, they ensure reliability in harsh environments. The systems support 30kW/75kW PV input, 20kW/50kW off ...

The main products are: 35KV ring-net cabinet, 35 (10) KVC-GIS inflatable cabinet, photovoltaic (wind power) substation, pre-installed substation, inverter step-up machine, power ...

Guangzhou Xinggong Intelligent Technology Co., Ltd. is a company specializing in the research, production, supply, marketing, and service of hazardous chemical safety storage cabinets, ...
