Where are data center custom server cabinets made?

AMCO Enclosures offers data center custom server cabinets,cases,cages,cable management, and PowerWhips products. All our custom data center network racks and server racks are manufactured right here in the USA at our facility in Des Plaines,IL. This includes data center custom server cabinets,cases,cages,cable management, and PowerWhips products.

Are network cabinets compatible with server cabinets?

Our network cabinets seamlessly interface with server cabinets, creating a cohesive infrastructure that simplifies power distribution and monitoring. Compatibility with standard 19-inch rack units ensures that server rack cabinets and network racks can be installed side-by-side.

What types of rack enclosures are available?

From IT racks to network racks to data racks and more, we have the solution for your application. Premium rack enclosures for advanced applications, including real device testing racks, RF/EMI shielded racks, smart server racks, pre-customized data center racks, and more.

Where are custom network racks manufactured?

At our facility in Des Plaines,IL, all custom network racks and server racks are manufactured in the USA. In addition to producing standard configurations, we excel in providing customized solutions, including custom network racks.
