How much does a generator installation cost in 2025?

Quick answer: In 2025, a typical whole house generator installation costs \$6,000-\$30,000, driven by generator size (kW), brand, transfer switch, electrical upgrades, fuel line/permits, and local labor rates.

How much does a generator cost?

Portable gasoline generators cost \$500 to \$2,500 for a 3 to 10 kW backup unit. Whole house generators cost \$2,000 to \$6,000 a natural gas or liquid propane system, without installation. Standby backup diesel generators cost \$5,000 to \$18,000. *Prices for units with power capacity of 2 to 24 kW. Not including installation.

How much does a standby generator cost?

Standby backup generators are permanently installed outside the home, start automatically when the power goes out, and can power the entire house for up to 3 weeks straight. Portable gasoline generators cost \$500 to \$2,500 for a 3 to 10 kW backup unit.

How much does it cost to rent a portable generator?

Renting a small portable generator costs \$40 to \$110 per day without fuel, depending on the power capacity and local rental rates. Renting an industrial towable generator costs \$300 to \$1,000 per week, depending on the size. Can portable generators run a house?
