What is included in a solar sale?

The sale will include the completed solar plant with the owned land and fitted solar panels, allowing the buyer to readily generate power upon acquisition. - All the products are branded and have a warranty, the details of which will be shared later.

What is a solar power plant project?

The solar power plant project is founded on 16 years of experience in the installation of solar systems in Panama. - The main advantages of the project lie in its income generation, minimal maintenance requirements, and the long-term operational lifespan of the power plant.

Why should you buy a solar system?

Flexible financing and low monthly lease options can help you secure the best price for your solar system. By installing solar panels, you can also reduce your reliance on traditional energy sources. Power your home with emissions-free, renewable energy directly from the sun.

Would you like to evaluate and negotiate solar project offers without upfront costs or obligation? Then, our marketplace is the perfect professional tool for a successful acquisition of project ...
