What is solar & storage Live London?

Solar &Storage Live London showcases global solar and energy storage solutions alongside complementary products and services for residential, commercial, industrial and large-scale utility projects.

When is solar & storage Live London 2026?

The April edition, Solar & Storage Live London, launched in 2024 and was an overwhelming success. Returning for its third year in 2026, the show is set to grow even bigger, featuring over 200 global exhibitors and 200 speakers. More than 10,000 industry professionals are expected to attend over the two days.

How can electricity be stored?

Electricity can be stored in a variety of ways, including in batteries, by compressing air, by making hydrogen using electrolyzers, or as heat. Storing hydrogen in solution-mined salt caverns will be the best way to meet the long-term storage need as it has the lowest cost per unit of energy storage capacity.

What is solar & storage live?

Solar &Storage Live offers you a unique opportunity to connect with a large and exceptionally senior audience. It provides meeting spaces, networking opportunities as well as sponsorship/exhibition opportunities to meet your companies specific marketing and business development needs. "The place to be for anyone in the renewable industry."
