What is an Off-Grid Solar System? An off-grid solar system is a stand-alone electrical power system that uses solar energy as its resource - independent from the grid. Of ...

Alarm goes off: "To go off" means "to trip, to start sounding". Something has triggered the alarm, and it went off (started sounding, flashing lights, what not). This is about ...

The sustainability assessment noted that preventing the grid from charging the batteries would result in a higher renewable fraction [14]. When the system is integrated into the network, it is ...

Yeah. It's not too common though. The two most common formulations are: I get off work at 5. and I get off of work at 5. At least where I live, "get off from" is used, but not as ...

Your choices (get off work, finish work, leave work) will all work fine finishing the question about a normal working day. I don't see much difference in formality, if any.

Ditto, and to (2) you could add "I won't be in next week". In fact, you could take a week off trying to decide which one to use . They are all in the same register, and for normal ...
