What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What is a Delta OUTD cabinet?

Available in different configurations, Delta OutD cabinets are designed to protect equipment from external threats in all climates from the tropics to the arctic. In addition to traditional cooling methods, Delta's new hybrid cooling options revolutionize the cost structure of thermal management.

What are Delta's hybrid systems?

For systems designed for EMEA and SA, Delta has developed two new hybrid solutions. Both hybrid systems, a combination of AV+AC and a combination of HEX+AV, lower operational as well as capital expenditure.

Hybrid power systems are a smarter choice for telecom sites. They mix renewable energy like solar and wind with regular power sources. Here's why they're better: Systems like ...

Discover AZE's premium outdoor enclosures designed for superior weatherproof protection and NEMA-rated durability. Perfect for industrial equipment, electrical cabinets, and outdoor ...
