What are Philippines power strips & PDU power distribution units?

Philippines power strips and PDU power distribution units for surface mount, rack mount and general purpose applications. Multiple outlet power strips are manufactured in accordance to Philippines standards with agency approvals. Quality Philippines power strips, in stock, for standard duty applications up to industrial applications.

What is a rack mounted PDU?

Rack-Mounted PDUs: A rack PDU is designed for horizontal installation within standard 19-inch server racks. These units efficiently distribute power to multiple devices mounted within the rack, making them ideal for organized and compact server environments.

What types of PDUs are available at Rs Philippines?

At RS Philippines, you'll find a wide range of PDUs with varying numbers of socket types, from a few outlets to up to 42, ensuring compatibility for diverse setups. Available in both freestanding and rack-mounted formats, these units provide flexible power management solutions with options for monitoring and controlling power usage.

What brands of power distribution units do you carry?

We carry reputable brands such as APC, Amphenol Industrial, Bodo Ehmann and others. Additionally, we offer competitive prices across our entire inventory, including units with a 6-outlet power distribution unit configuration and other options.
