What is a battery cabinet / rack?

EverExceed designs customized battery cabinets / racks for individual batteries. The cabinet or racking system can be specified to accomodate any battery cell. From flooded to sealed, from lead acid to nickel cadmium and from vertical to horizontal all kinds of battery cabinet / rack can be designed flexibly to save the space in battery room.

Which solar battery cabinets are best for marine applications?

Aluminum is lightweight and protects from corrosion. These battery boxes are of great quality and shiny appearance. IP67 solar battery cabinets are completely dust-tight and withstand immersion in water. Thus, these solar battery cabinets can be used for marine applications and in harsh environments. 8 Products Found.

Are KDM solar battery cabinets waterproof?

KDM solar battery cabinets provide you with the ultimate outdoor dust-tight, watertight, and weatherproof solution for your solar batteries. These cabinets not only have special gaskets against dust and liquids but also locking mechanisms to secure your enclosure against unauthorized access.

How to customize a battery enclosure?

Silk screening is the easiest and most cost-effective method of customization of battery enclosures. Any flat side of the enclosure can be silk-screened with labels, warnings, serial number, your company name and logo. Silk screening in red Engraving your battery enclosure is another customization method.
