What funding alternatives do fire departments need?

These funding alternatives range from small fees for special services to major new sources of funds such as benefit assessments, which pay for as much as 40 per-cent of the budget for some fire departments.

Are fire & emergency services charging fees?

Many fire and emergency service departments are now charging fees for the public to attend these classes. The fees are intended to cover the costs associated with the delivery of the class (books, refreshments, use of specialized equipment, etc.)

Do neighboring departments share the cost of building stations?

Some neighboring departments have shared the costs of building stations that serve areas of both jurisdictions. Other areas where shared resources have successfully been used are inspection services, dispatch and communications, and special emergency response teams such as hazardous materials or water rescue.

Why does the San Antonio fire department charge special service fees?

The San Antonio, Texas, Fire Department is one of many departments using special service fees to meet expanding demands for new services, and to dissuade dangerous behavior. On May 6, 1993, heavy rains inundated San Antonio.
