-----

With IP54/IP55 protection, anti-corrosion design, and intelligent temperature control, they are ideal for telecom base stations, remote power supply, and containerized microgrids. Our outdoor ...

Precise adjustment to realize the low temperature difference between supply and return water.\* Realize high efficiency and energy saving through internal real-time processing mode.

Patented outdoor cabinet protection design, optimized heat dissipation air duct, and protection against sand, dust, and rain; The front and rear sides are open for maintenance, which is ...

An outdoor power cabinet for lithium batteries is a weather-resistant enclosure designed to safely house lithium battery systems in outdoor environments. It protects batteries from rain, dust, ...

Designed for harsh environments and seamless integration, this IP54-rated solution features a 105KW bi-directional PCS, optional air- or liquid-cooled thermal management, and parallel ...

According to our latest research, the global DC Microgrid Outdoor Cabinet market size reached USD 1.35 billion in 2024 and is expected to grow at a robust CAGR of 12.7% during the ...

The ELECOD Outdoor Cabinet Energy Storage System (Liquid-Cooled) offers an integrated, high-performance energy storage solution designed for small- to medium-scale commercial,

The ELECOD Outdoor Cabinet Energy Storage System (Air-Cooled) is a highly efficient and scalable energy storage solution, designed for use in microgrid scenarios such as commercial, ...

Our innovative modular design caters to diverse application needs, offering eco-friendly, high-yield solutions. Our mission: to green every watt of electricity generation and maximize every watt's ...

100kW/215kWh LFP energy storage system, and a generator set. The hybrid energy storage system adopts integrated design, the battery and the MPS series hybrid inverter, which ...

According to our latest research, the global DC Microgrid Outdoor Cabinet market size was valued at USD 1.32 billion in 2024, with a robust compound annual growth rate (CAGR) of 13.8% ...

The built-in liquid cooling + air cooling dual temperature control system accurately controls the battery operating temperature at 25±3°C, and the battery cycle life is extended to more than ...
