What is an outdoor integrated cabinet?

Outdoor integrated cabinet is well suited for power equipment, batteries, telecom gear, all integrated into a robust, economical package. The cabinet contains internal mounting rails, which allow installation of standard 19" equipment. Support custom-made.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

How do I choose the best NEMA rated cabinet?

Cabinets with a 3, 3R, 3S, 3X, 3RX, 3SX, 4, 4X NEMA standard are all properly made to withstand the outdoor elements to varying degrees. The key is to select the enclosure rating that best meets your environmental needs, and then find an appropriate enclosure with that rating.

What are the requirements for outdoor cabinets production?

Outside size: Outdoor cabinets production depend on the project requirement for design and dimensions, using either plinth in the ground or installation on the guide plate. Doors: Open 180 degree with adjustable locking device and three point locking system on each front, side and rear doors.
