-----  
What is a solar installation warranty?

An installation warranty covers the labor, service, and workmanship aspects of your solar system. Offered by your installer, contractor, or solar company, installation or workmanship warranties are essential in guaranteeing the quality, longevity, and ROI of your installation.

Will installing solar panels void my roof warranty?

No, if a certified professional installs your solar panels correctly, this shouldn't void your roof warranty. In the rare case that your mounting penetrations do void your roof warranty, the workmanship warranty from your solar installer may also cover the parts of your roof where the system is installed.

What warranties does Enphase offer?

To help ensure the long-term performance, reliability, and value of your PV system, Enphase warranties include industry-leading, 25-year microinverter performance coverage, a 15-year battery product warranty, 24/7 customer support, and long-term peace of mind with labor reimbursement for projects with certified installers.
